## NOTICE TO THE TAXPAYERS OF THE TOWN OF BARRRE.

The selectmen of the town of Barre have placed in my hands for collection a tax bill for town, school and highway taxes, amounting in all to one dollar and eighty cents on a dollar of the grand list of said town, and ninety days, namely, September 16, 1910, from the date of this notice is the limit of time in which you have to pay the same to me, to save your discount and costs of collection.

Dated at Barre this 18th day of June, A. D. 1910.

W. H. Miles,  
Town Treasurer.

**A Dreadful Wound**  
from a knife, gun, tin can, rusty nail, saw, or any other nature, demands prompt treatment with Buckle's Arnica Salve, to prevent blood poisoning or gangrene. It's the quickest, surest healer for all such wounds, as also for burns, boils, sores, skin eruptions, eczema, chapped hands, corns or piles. 25c at the Red Cross Pharmacy.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one cure for deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Who cares out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

## HOW TO GET FAT

Use Samosa, Says Druggist Davis, and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making this people fat, increasing strength and restoring health.

Athletes, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samosa. This flesh-forming food is assimilated as soon as it enters the stomach, it helps the organs to assimilate the food and extract the flesh-forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samosa has been so successful in making thin people fat and restoring the weak and run-down to strength and health that D. F. Davis, the popular druggist, sells it under his personal guarantee to refund the money if it does not benefit.

## THE STALEY STORK.

His Immense Power on the Wing and His Lack of Voice.

In Holland the nests of storks are generally on the summit of a tall post, put up for purposes for them, on which is fixed an old cart wheel. Says an English writer: "A Dutch gentleman of my acquaintance has one such post in his grounds within sight of his library window, but he improves on the cart wheel by having an iron frame for the reception of the nest. The first year it was put up, toward the end of June, a solitary young stork used to come daily and inspect this framework. I saw him there myself one day, standing in the empty receptacle exactly like a would-be benefactor inspecting an empty house, contemplating the view and wondering if the drains are all right. The verdict was apparently favorable, for next season saw the nest occupied by the newly wedded pair. Their power of wing is very fine, and on hot days I have watched them ascending spiral circles, hardly moving their broad, black wings, till they have looked no bigger than flies. After the young are hatched they appear to be suspicious of one another and unwilling to leave the nest unguarded."

Storks have no voice. The only noise they make is "klickering" (snapping their great red mandibles rapidly and loudly). Thus they greet one another, generally by throwing back the head until the upper mandible rests on the back, but occasionally "klickering" is performed with the head and bill in the natural position.

Education For Laborers. Consul General of Stuttgart sends a transcript of an educational bill that received favorable consideration in the laudatory of Wittenberg. It provides that every community having at least four male laborers under eighteen must establish a commercial and trade school and must compel attendance for three years of the youths. In like manner separate schools are to be provided for girls. In small places where there are not forty working youths the government will establish schools at its discretion. All the foregoing schools will be under government supervision, and it will render financial aid where necessary. The bill also provides that no boy under the age of seventeen shall enter dress shops.

The Wonderful Banana. Some people believe that the banana was the original forbidden fruit of the garden of Eden. In any case it is one of the curiosities of the vegetable kingdom, being not a tree, a palm, a bush, a shrub, a vegetable or a herb, but a herbaceous plant with the status of a tree. Although it sometimes attains a height of thirty feet, there is no woody fiber in any part of its structure, and the bunches growing on the dwarf banana plant are often heavier than the stalk which supports them. No other plant gives such a quantity of food to the acre as the banana. It yields 44 times more by weight than the potato and 183 times more than wheat. Moreover, no insect will attack it, and it is always immune from diseases of any kind.

The Eyes of the Musk Ox. The skull of the musk ox is remarkable for the development of the eye orbits, which project sufficiently beyond the plane of the frontal bones to compensate for the interruption the horns would otherwise make in the range of vision. The musk ox, however, does not seem to rely greatly on keenness of sight, far less on acute sense of hearing, for the ears are so small dimensions and are completely covered by the heavy growth of fur about them. The organs of scent are evidently more highly developed, and they exact of the hunter his greatest cunning.

When the light begins within himself a man's worth something—Browning.

## Worms

Hundreds of children and adults have worms, but are too ignorant to know it. The symptoms are: Indigestion, with a variable appetite; flatulence; offensive stools; head aches; irritability; nervousness; and a general feeling of uneasiness. A positive cure for constipation and all the ailments of the bowels, and a valuable remedy in all the common complaints of children. Price 30c. Ask your druggist.

**TRUE'S ELIXIR**

It has been in use since 1851, is purely vegetable, harmless and efficient. Where no worms are present, it acts as a tonic, and corrects the condition of the stomach.

A positive cure for constipation and all the ailments of the bowels, and a valuable remedy in all the common complaints of children. Price 30c. Ask your druggist.

**Dr. J. F. TRUE & CO., Auburn, Me.**

Special attention to the young. Free pamphlet.

**VERMONT 1812 DAUGHTERS**

Held Annual Meeting at Brattleboro Yesterday Afternoon.

Brattleboro, June 28.—The annual meeting of United States Daughters of 1812 of Vermont was held yesterday afternoon at the home of Mrs. E. H. Bond.

The committee on appointment of the northern Baptist conference, which met in Rutland Friday afternoon, decided that \$550 more than was raised last year by the churches must be secured this year for the departments of publication and the home and foreign missionary societies.

M. A. Coates, who received a painful injury Thursday while running a planer in H. F. Noyes' planing mill in Rutland, is progressing favorably and will probably be able to get soon.

Coates was placing two boards of uneven length in the planer when one was kicked back some way, striking him a hard blow in the stomach.

C. W. Scarff of Seattle, Wash., formerly of Vermont, is back in the state on a visit. Col. Scarff was a member of Gov. Bell's staff. He was special representative of the New England Telephone company in this state for several years, and was a poet of no mean ability. Mr. Scarff became interested in western timber lands after leaving Vermont.

While repairing an axle trough in Rutland, George Sullivan was standing at the foot of a ladder, when a gust of wind blew it over and turned it in such a way that the steel spoke at the end of the ladder struck him in the left knee on the muscles of the leg, causing a severe contusion. He will be laid up for several days as the result of the mishap.

W. W. Hindley, who has been doing newspaper work in Rutland for several months, went last week to western Ontario, where he will visit relatives in different places for a time, after which he will leave for Spokane, Wash., where his brother, Howard L. Hindley, formerly of the Rutland Herald, is now employed on the staff of the Spokane-Review. W. W. Hindley expects to locate in Spokane.

There were only 17 inmates at the Chittenden county jail at Burlington Friday, which is the smallest number for several months. Of these two are women. Several of the prisoners have been employed of late digging ditches and in the hayfield, but during the week's hot weather they were forced to cease their labors because of the excessive heat. None of the prisoners are very strong, most of them being weak and worn from the excessive use of alcohol.

As E. C. Perry and Mrs. Huse, his housekeeper, were driving near Pomfret one day last week, they met a motor car driven by Dr. Barrows of White River Junction. The horse was frightened, but Mr. Perry had it well under control when he rein broke, turning the rig into a telephone pole. The horse cleared itself from the wagon and the occupants were thrown out. Mrs. Huse had no bones broken but was badly bruised. Mr. Perry was uninjured.

A large Packard touring car, owned by J. B. Deal, a wealthy resident of Boston, who is spending the summer on the John Lowell farm in Putney, ran over and killed Robert Chester French, 12, son of Mr. and Mrs. George A. French, in Greenfield last Thursday. Mr. Deal is an invalid, and in the car with him was a nurse, E. M. Day of Boston, and the chauffeur, James Blackwell. They were going to Springfield and had reached a point in front of the Deerfield street school just as the pupils were leaving the building at the close of the term. Just after a trolley car passed the building in the opposite direction, the boy started across the street, running in front of the machine. His skull was fractured and he died almost instantly. The chauffeur was arrested and taken to the Franklin county jail, but he was released on \$5,000 bail, furnished by Mr. Deal.

But the Ex-soldier Who Stole It Is Still at Large.

Burlington, June 28.—The ex-soldier who stole Breckney's horse at Ausable Forks, N. Y., and Peter Eickotte's rubber-tired wagon at Keeseville on Thursday of last week came to Burlington, took Margaret Grogan and Lena Bisette to ride and then disappeared, has not been found, but the horse and carriage have been.

The night the thief arrived in Burlington, he drove to South Burlington and put up at Edward Russell's place and the next day went to Hinesburg, where he put up with William Andrews. He left the horse and rig there and went out, saying he would return for dinner. That was the last seen of him. Sheriff Allen was communicated with and the stolen rig was identified.

## About the State

The Stricken Horse From Greck.

What a fortunate provision of nature it is that deprives the nose of man of the sense of smell, would be in great relief to discover, in the height of his blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpiled, absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to Newbro's, 100 N. Main St., Barre, Vt.

One Dollar Bottles Guaranteed. E. A. Brown, Special Agent.

The reports of the officers were given and a marker was placed during the past year on the old college building at the university of Vermont at Burlington, which building was used during the war of 1812. The following officers were elected for the ensuing year: President, Mrs. C. F. R. Jones of Brattleboro; first vice president, Mrs. C. H. Thompson of Brattleboro; second vice president, Mrs. H. E. Bond of Brattleboro; third vice president, Mrs. L. S. Lord of Burlington; secretary, Mrs. C. B. White of Brattleboro; corresponding secretary, Mrs. E. R. Bemis of Brattleboro; treasurer, Mrs. G. H. Spooner of Northfield; registrar, Miss Della M. Sherman of Brattleboro; historian, Mrs. Lucia W. Leavenworth of Castleton; chaplain, Mrs. H. G. Root of Bennington; auditor, Mrs. C. W. Richardson of Brattleboro; counselors for three years, Mrs. L. K. Fuller of Brattleboro and Miss Mary Tuttle of Pomfret. After the business meeting, a reception was given to Mrs. Jenne, who had just returned from a year's trip abroad.

## DARTMOUTH'S CLASS DAY.

Tradition Honored in the Observance at Hanover.

Hanover, N. H., June 28.—The Dartmouth college seniors yesterday celebrated class day with all the traditional observances and time-honored customs.

Led by Clark W. Tobin of Dorchester, Mass., captain of last year's football team and the first marshal of the class, the seniors marched into the old chapel in Dartmouth hall, where the first of the formal exercises were held. Other speakers in the old chapel and on the little park, known as the Bama, were Class President Warren Choate Shaw of Lowell, Mass., James Russell Lowell of Portland, Me., Edward D. Raabe of Pittsburg, Mass., and Rolfe G. Reynolds.

At the conclusion of the formal exercises, the Greek letter fraternities and college societies held reunions. The evening programs provided for a band concert on College hill terrace, an opera, "The Peas-Green Earl," and a promenade concert in the college yard.

## HUGHES NOT LIKELY TO RUN.

Parsons Says Governor Will Not Give Up Place in Supreme Court.

Washington, June 28.—Representative Parsons of New York, who was at the White House yesterday, said upon leaving that he did not think that anyone would be able to convince Governor Hughes that he ought to give up his place on the supreme court bench and again run for governor.

Mr. Parsons said that at the request of Governor Hughes he was looking for a permanent home for the governor in Washington to be occupied by him this fall when he comes to enter upon his duties on the supreme bench.

## DEMOCRATIC CAUCUS.

The Democratic voters of the city of Barre, Vermont, are hereby notified to meet in caucus in the city court room in said city on Friday, July 1, 1910, at 7:30 o'clock p. m., for the purpose of transacting the following business, viz:

To elect twelve delegates and twelve alternates to the Democratic state convention, which is to be held in the city of St. Albans, Vt., on July 14, 1910, at ten o'clock in the forenoon; also, to elect twelve delegates and twelve alternates to attend the Democratic district convention for the second congressional district of Vermont, which is to be held in the city of St. Albans, Vt., on July 14, 1910, at 1:30 o'clock p. m.; also, to elect a city committee for the two years next ensuing; also, to do any other proper business.

Per order Democratic city committee of the city of Barre, Vermont.

Dated at the city of Barre, Vt., this 27th day of June, 1910.

## USE ALLEN'S FOOT-EASE

This antiseptic powder is to be shaken into the shoe. It runs have dried, aching feet, try Allen's Foot-Ease. It treats the feet and makes new or tight shoes. Don't accept any substitutes. For FREE trial package address Allen & Unwin, Ltd., London, W. 1, England.

**ESTATE OF WILLIAM ABRI.**

STATE OF VERMONT. The Honorable District Court of Washington, Probate Court for the District of Washington. To all persons in the State of Vermont who claim to be the heirs of the City of Barre, in said District, deceased, greeting:

At a Probate Court, holden at Montpelier, within and for said District on the 27th day of June, 1910, an instrument purporting to be the last will and testament of William Abri, late of the City of Barre, in said District, deceased, was presented to the Court aforesaid, for probate.

And it is ordered by said Court that the 15th day of July, A. D. 1910, at the Probate Office in said Montpelier, be assigned for proving said instrument; and that notice thereof be given to all persons concerned, by publishing this order three weeks successively in the Barre Daily Times, a newspaper circulating in that vicinity, in said District, previous to said time appointed.

Therefore, you are hereby notified to appear before said Court, at the time and place aforesaid, and contest the probate of said will, if you have cause.

Given under my hand at Montpelier, in said District, this 27th day of June, 1910.

FRANK A. MARTIN, Judge.
